SITSS00069

Food Safety Supervision Skill Set

ABOUT THE COURSE

This skill set aims to equip individuals in hygienic practices and handling food safely during the storage, preparation, display, service, and disposal of food.

COURSE CONTENT

Our course covers the two essential units of competency required to obtain a Food Safety Supervisor Certificate:

- SITXFSA005 Use hygienic practices for food safety
- SITXFSA006 Participate in safe food handling practices.

During the course you will learn how to:

- Follow hygiene procedures and identify food hazards
- Report any personal health issues
- Prevent food contamination
- Manage allergens and customers with allergies appropriately*
- Effectively clean and sanitise food preparation surfaces and equipment*
- Handle eggs and egg products safely*
- Prevent cross-contamination by washing hands
- Follow food safety program
- Store food safely
- Prepare food safely
- Provide safe single use items
- Maintain a clean environment
- Dispose of food safely
